MEMORANDUM FOR: [REDACTED] 25X1A9a

SUBJECT: Request for East German statistical publication.

1. About six weeks ago [REDACTED] an analyst in D/A, noted an advertisement in an East German periodical which stated that the 1957 East German Statistical Yearbook was being printed and would soon be available. Some weeks later he noted a statement that it had been withdrawn from publication and would not be issued until later in the year. Unfortunately neither of these references is available. In view of the extensive current effort in OHR of rewriting Chapter VI of the East German NDS, we are extremely interested in obtaining further information about or a copy of this 1957 yearbook. It would be very helpful to us if you would contact the [REDACTED] and any sources in [REDACTED] 25X1A9a

25X1A6a [REDACTED] that you think might help us in this matter. An order for the publication has been placed through regular channels, but because of the particular circumstances it is doubtful if we can obtain it in this manner. 25X1A6a

2. The publications of the Johann Gottfried Herder Institute which you forwarded to us under Memorandum 487 contain valuable information and are very much appreciated.
